Task objective: to practise recognition of written numbers.

1. Pupil uses the Marquee Select Tool to drag Lucy and her magnifying glass across the purple strip until a written number is found.

2. With the same tool, pupil selects the revealed word and drags it next to the correct figure on the right hand-side.

3. If the word is placed correctly, a reward jingle will play. If it is incorrectly placed, the word will spring back to its original position and the pupil must try again.
